

Mining Hall of Fame

Education Outreach Program

The Mining Hall of Fame recognises the importance of delivering quality education about the resources industry and its positive connection with society, the economy and the environment.

Dedicated Education Officers are available to provide resources and curriculum assistance to teachers and to facilitate hands-on workshops and presentations for students.

Education
Officers based
in Perth and
Kalgoorlie

Created to educate and inspire, the Mining Hall of Fame is in a unique position to change perceptions about the resources industry and encourage student participation in earth science studies.

Be inspired...

Be educated...
